

Ready to carry
you further

R1 2026 OVERVIEW

For the long haul

With carry comes movement, and we are focused on getting customers around the world moving further, and with greater ease.

In this range, we are introducing our largest format carry, yet. With design focused on helping people go further and do more – without feeling like their stuff is slowing them down. Check-in luggage and large format haulers included. And as always, our products are designed to work together, effortlessly. For all parts of life, in all of your favourite pursuits.

Recycled Polyesters

For products that require high durability and performance, with a soft handfeel, we use polyester made from 100% recycled plastic bottles.

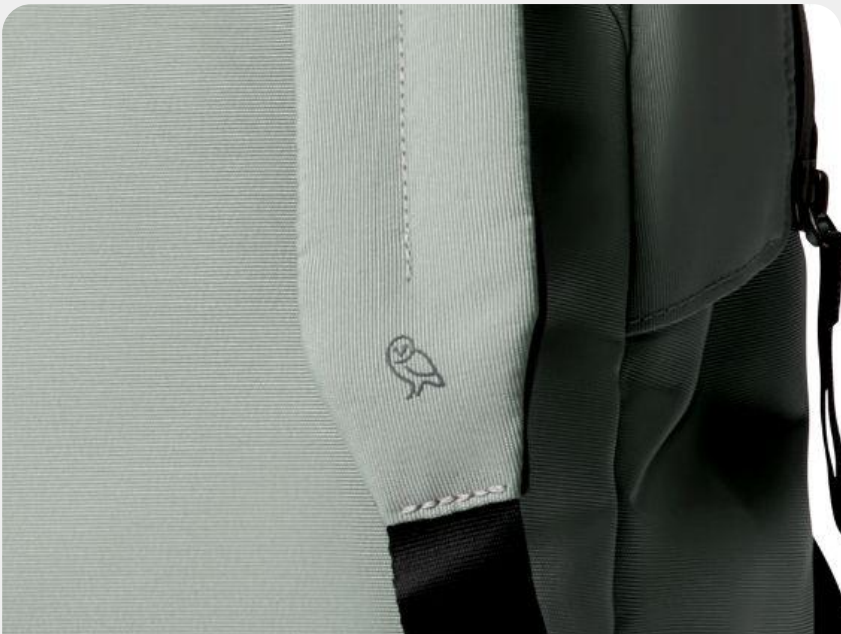

Canva Ripstop

This fabric holds a natural canvas feel, with an interesting texture and high wear resistance.

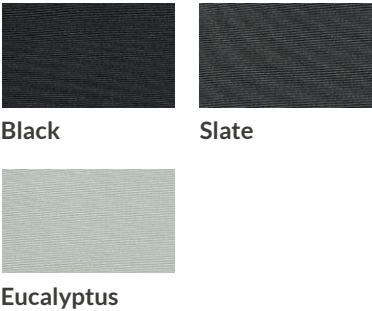

Market

Ribba Weave

Natural matte look of canvas, plus an easy-clean performance finish.

Classic

V/A

Looma Weave

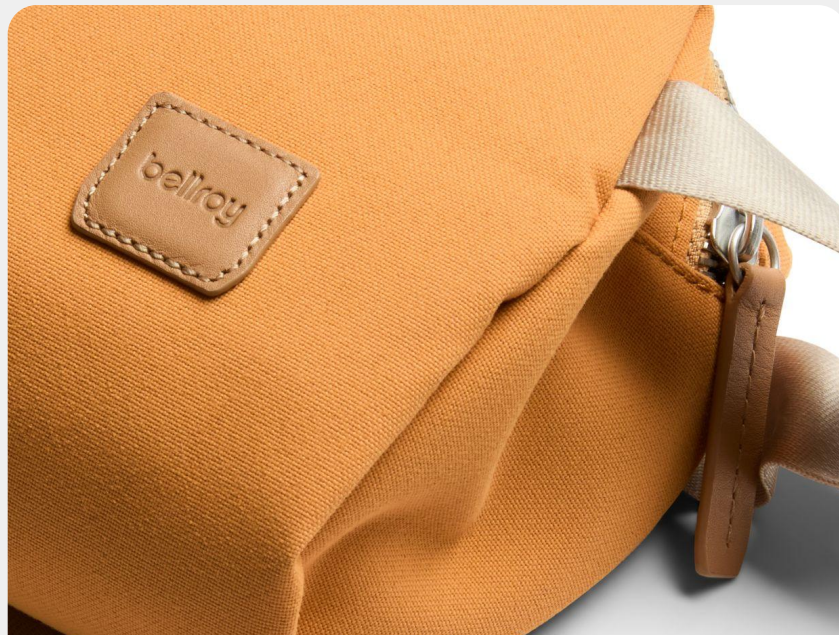

A recycled polyester with a strong weave that is textural and warm. Comfort, imbued with innovation.

Classic

V/A

Recycled Polyesters

Canva Weave

The look and feel of cotton canvas, with water-resistance and durability.

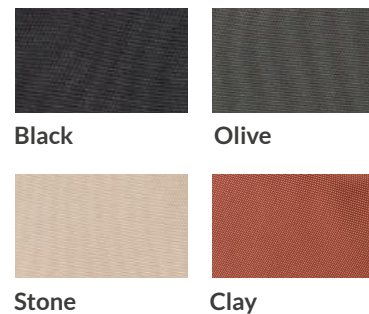

Classic

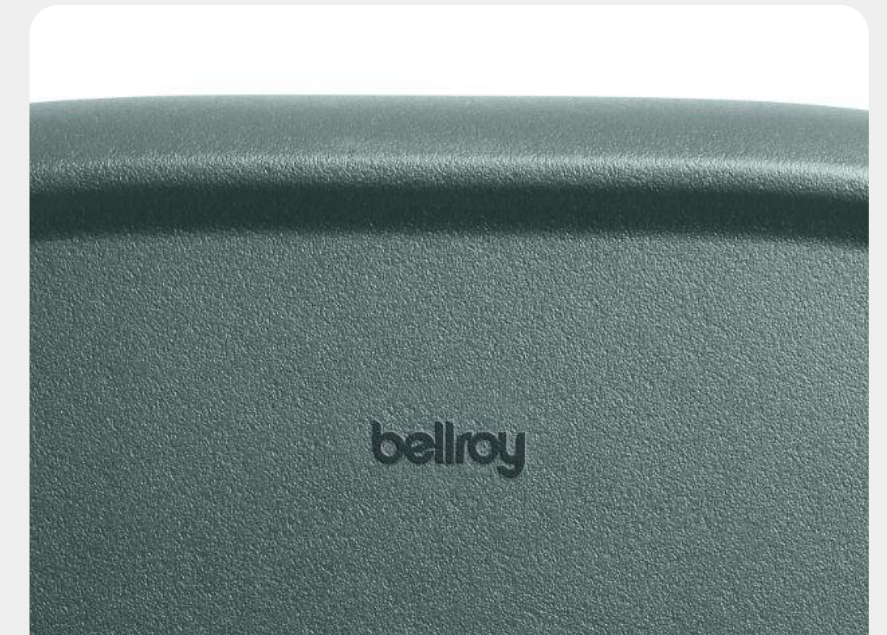

Dura Weave

This weave's military heritage, durability, tear-resistance and light weight make it ideal for performance styles that call for a technical feel and function.

TRANSIT

Recycled Polycarbonate

Matte Polycarbonate

Made from 80% post consumer recycled waste, our textured polycarbonate shells balance strength and flexibility.

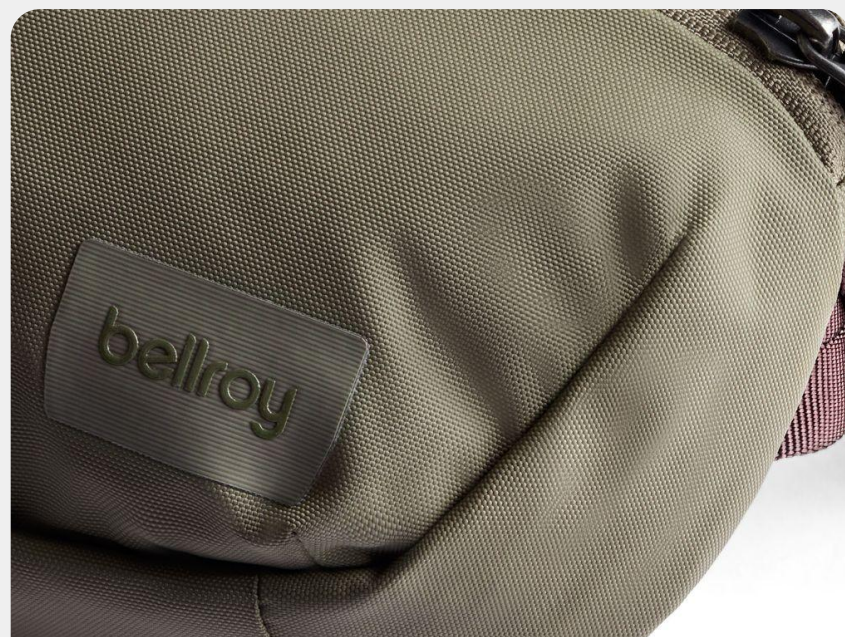

TRANSIT

Recycled Nylons

Offering strength and abrasion resistance, with a more technical feel, our nylons are made from recycled industrial waste.

Seaweave

Made from 50% recycled fishing nets and 50% recycled industrial nylon, this versatile weave has a smooth finish in Matte and Sheen varieties.

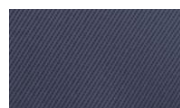

Ink

Sea Kelp

Fawn

Blue Steel

Laneway

Relaxo Weave

100% recycled, uncoated nylon with a natural matte crinkled finish.

Black

Burgundy

Lilac Haze

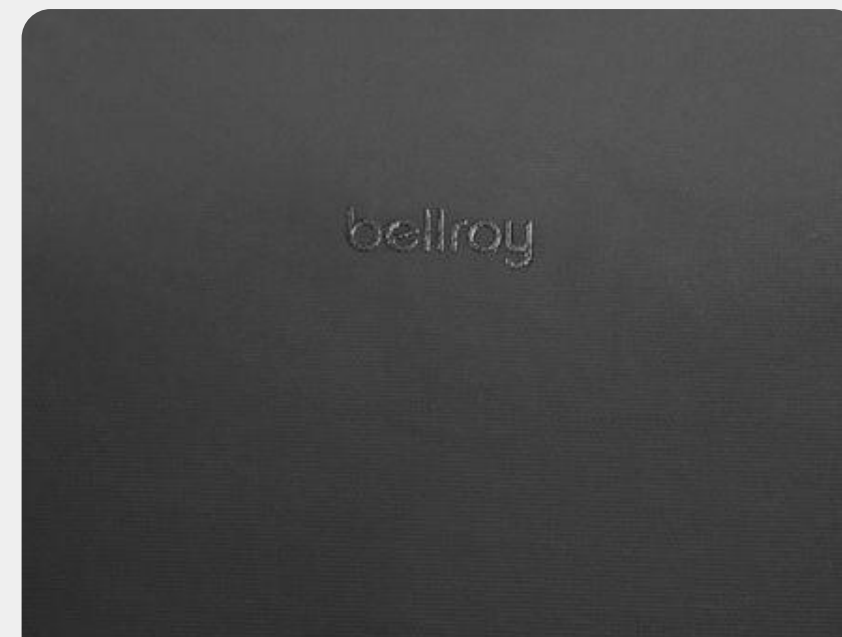

Seafoam

Oat

Cinch

Element Coated Nylon

Extra-durable, with a water-based wax resin and polyurethane coating.

Jet Black

Deep Ocean

VENTURE

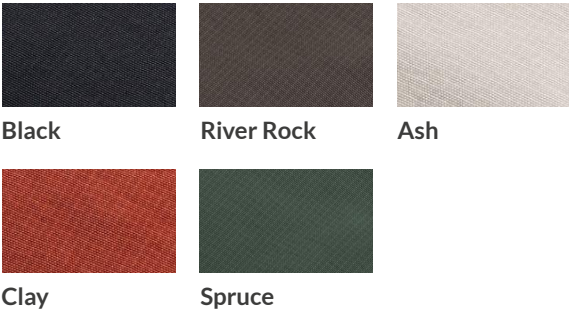

Recycled Nylons

Offering strength and abrasion resistance, with a more technical feel, our nylons are made from recycled industrial waste.

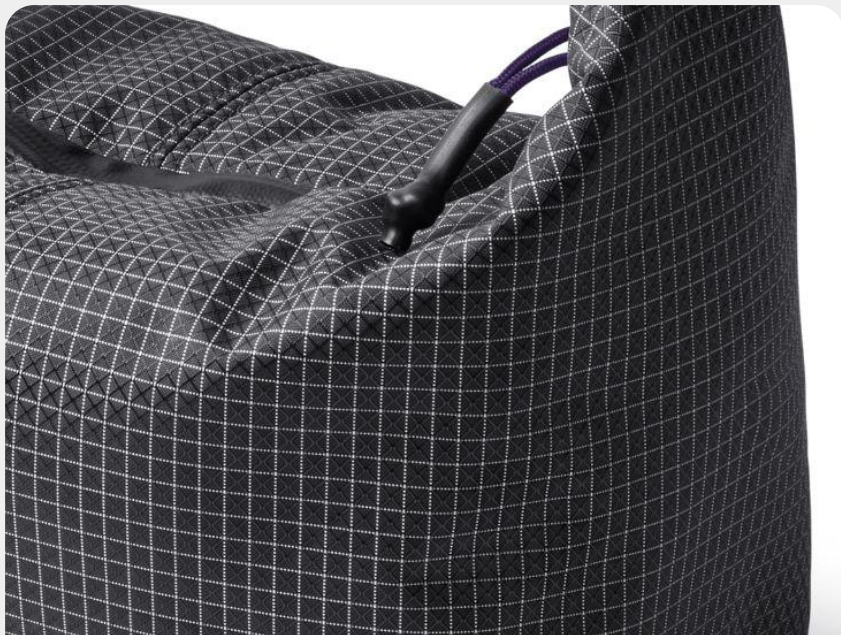

Dura Lite Nylon

This lightweight fabric uses a 'broken' ripstop weave made with contrast yarn, giving it impressive performance, a unique look, and subtle texture.

LITE

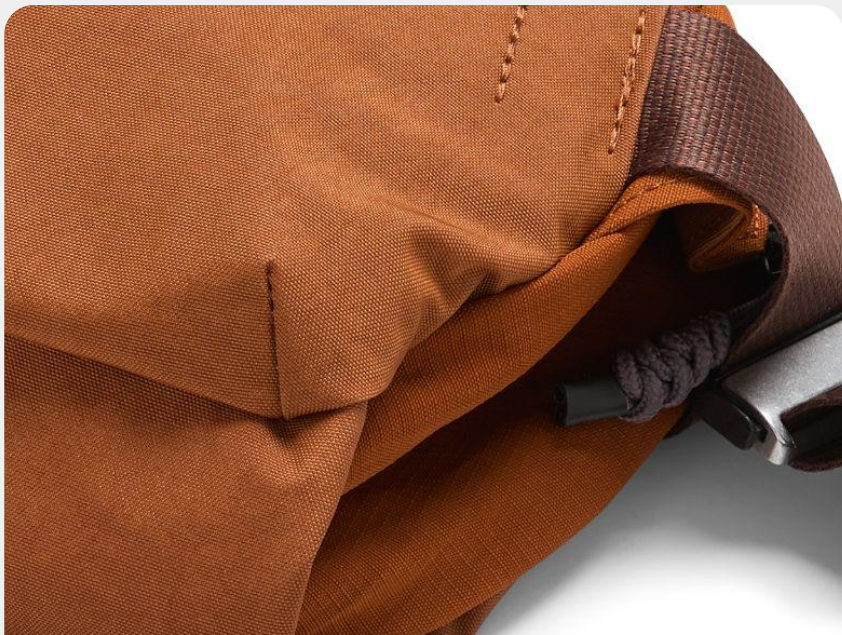

Dura Lite Ripstop

This lightweight fabric combines diamond and square grid ripstops to create a two-tone contrast effect, with durable performance and a soft texture.

LITE

Baida Nylon

The crinkled finish of our Baida Nylon is paired with a strong ripstop, for a technical fabric that's equal parts lustrous aesthetics and durable performance.

VENTURE

WALLETS

A close-up photograph of a person's hands holding a dark blue, textured wallet and a Visa Business credit card. The wallet is open, showing its interior compartments. The credit card is black with gold lettering and a gold chip. The person is wearing a dark blue suit jacket. The background is a dark, textured surface.

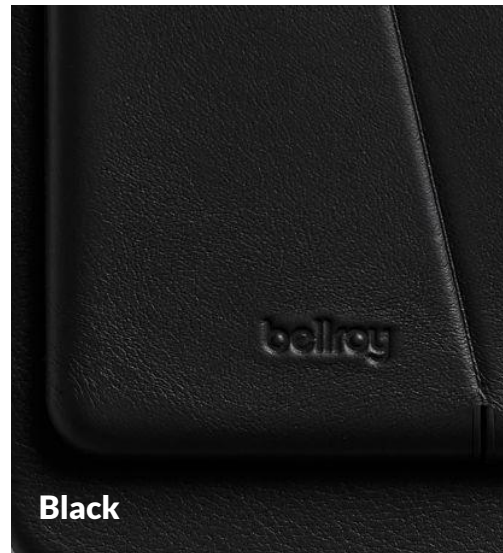

Leathers from gold-rated LWG tanneries

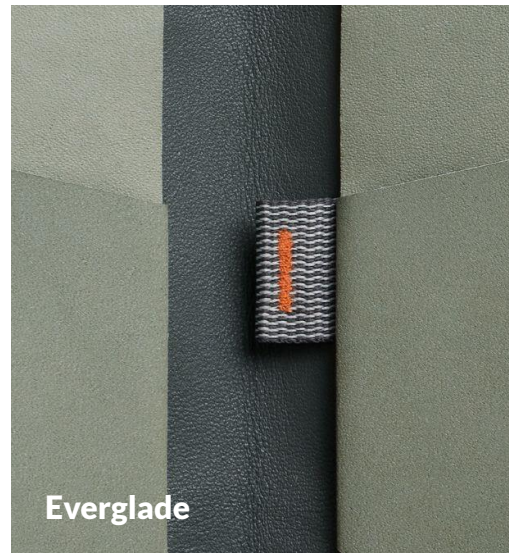

We use leather because it's durable, soft, and it ages better than any alternative. Our LWG leathers are rated the best, for quality and sustainability.

NAKED LEATHER

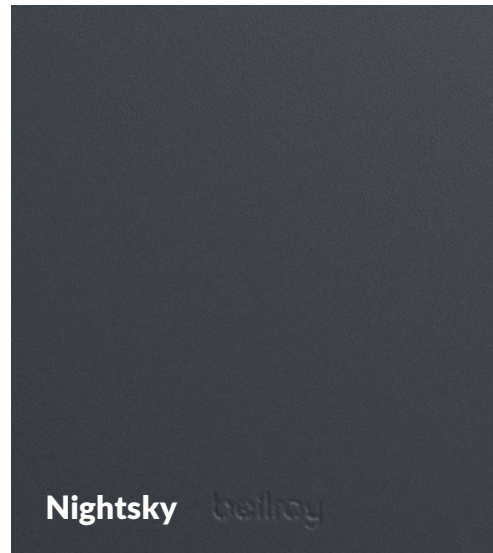

This finish showcases the leather in a natural state, allowing texture and character to develop in time.

BELLROY IN-STORE

Top tips for merchandising Bellroy products

01

Use color repetition

With product selections, use color or repetition to create maximum visual impact.

02

Avoid overcrowding your displays

Store excess stock elsewhere and replenish when needed.

03

Utilize negative space between product

Remember that neat and tidy displays will feel more inviting to the customer than messy ones.

04

Clever positioning

Display products with other products that could be used together.

05

Use bag stuffers

Stuff bags medium-full and try to reduce heavy wrinkles or dents in the product where possible.

06

Display families and categories together

Group families of product together for easy comparison.

Merchandising Guide

2024 EDITION

feel more inviting to the customer than messy ones.

6. Avoid overcrowding your displays – store excess stock elsewhere and replenish when needed.
